

## Try this at home

Pick an activity and get creative.

You should be able to find everything you need at home.

### Activity 1

Cut out or draw an outline of you, then cut out or draw things that make you, you, inside.

### Activity 2

Create a 3D landscape of a building that is special to you using junk modelling. Is it somewhere local or somewhere far away? Do you go there often?

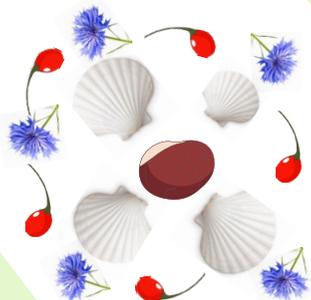

### Activity 3

Create a portrait of a person you feel a strong connection to. It could be a family member, friend, or even a character in a book. You can use pencil, pastels, paints, any medium you want!

### Activity 4

Go outside and collect objects with different patterns, textures, shapes, and colours. Sort and arrange the objects by colour, texture, shape, and pattern. Either take a picture or sketch your creation when you get home.

## Discovering 'connections' with MARKS

Access all Arts

Access All Arts is a nationwide week where children across the country celebrate the arts and nurture their creativity, developing skills and confidence along the way.

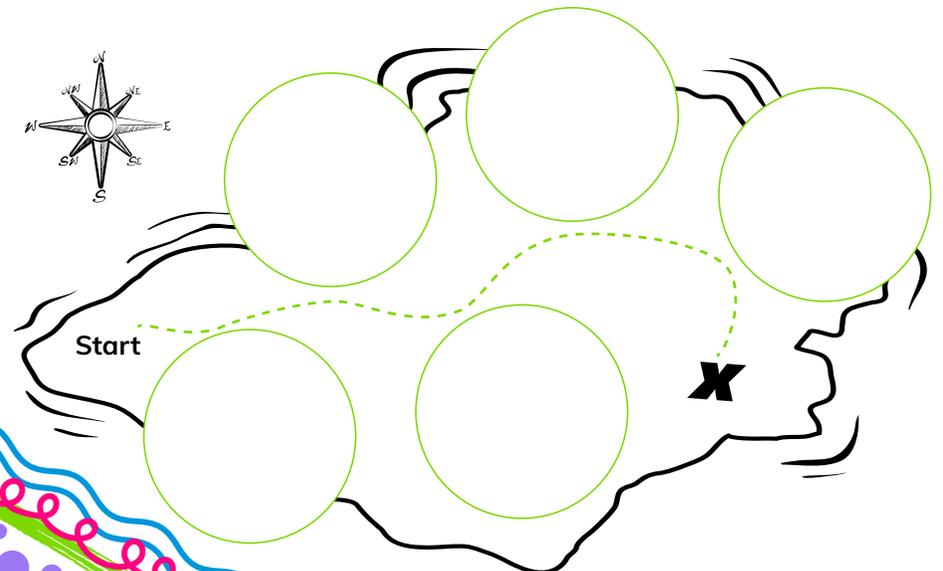

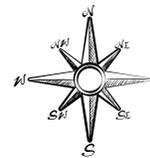

Your child has been rolling their sleeves up and getting stuck into a week of arts at school. This year's theme is Connection, which means they have been reflecting on their unique bonds with friends, family, and the wider world. In the Marks module, they have explored how the magical power of mark making can connect us to places.

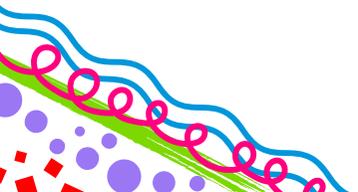

Now it's time for children to continue their mark making adventure at home, boosting wellbeing and self-esteem along the way.

Why not dip into the activities here to continue their creative journey?

## Discovering you

Imagine you were lost, and your friends were trying to find you. Draw a trail of your favourite objects to help them track you down. You could draw your scooter, favourite toy, jumper, anything you feel a strong connection to.

## Discovering your story

Imagine your life was a story. Sketch, collage, or paint a design for the front cover. Don't forget to include a title too!

## Discovering your favourites

If I were...  
What would you be if you were a(n):
