

# I AM I WONDER

I am imaginative and kind,

I wonder if I'll become a scientist and author

I hear the birds singing in trees.

I see the immense trees standing

I am imaginative and kind,

I am imaginative and kind.

I try my hardest every day.

I hope I become a scientist, author and youtuber

I am imaginative and kind

# I AM I WONDER

I am calm and kind.

I wonder what the rest of the world is like.

I hear people talking to each other.

I see dragons flying at night.

I am calm and kind.

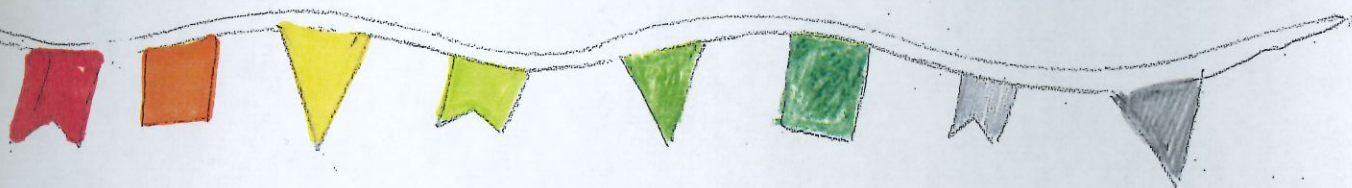

I am calm and kind.

I try to be nice.

I hope people like me.

I am calm and kind.

# I AM I WONDER

I am a girl who smiles.

I wonder if there is another slide?

I hear the rain crashing down outside.

I am a girl who smiles.

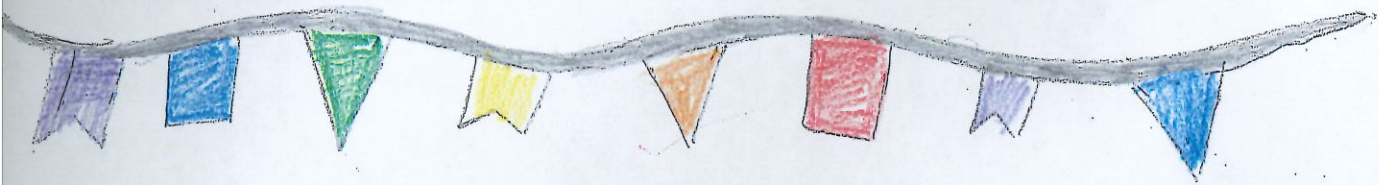

I am a girl who smiles.

I try to make people laugh.

I hope to see more people smile.

I am a girl who smiles.

# I AM I WONDER

I am a loving and caring friend.

I wonder why time is so slow when you're a child.

I hear the trees whistling from the wind.

I see all the caring children in each school.

I am a loving and caring friend.

I am a loving and caring friend.

I try my best in every piece of work.

I hope that I will never be alone.

I am a loving and caring friend.
