

Computing Curriculum and the Scargill Values

'Let all that you do, be done in love'

1 Corinthians 16:14

*This is our school
Let love dwell here
Love of learning
Love of our community
Love of all people
Love of God
And love of life itself*

Living Our Values Everyday

Value	Reception	Year 1 & 2	Year 3 & 4	Year 5 & 6
Love of learning	All children develop a love of learning through computing by exploring the strands and how it can support them to learn within the different areas of the curriculum. They discover how learning can be enjoyable when technology is involved.			
Love of our community	All children are taught how to use technology responsibly and safely within the world and community through their online safety learning.			
Love of all people	Children learn about how technology is used to support different people and professions.		Children use their research skills to create presentations on key people within the world.	Children learn about famous people within the world of computing such as Tim Berners-Lee.

Computing Curriculum and the Scargill Values

Love of God	Throughout our computing learning, we learn with the acknowledgement that God is the creator of our world and we use technology to develop an understanding of God's world. We think about how to use technology respectfully and with kindness in the same way that God shows us.
Love of life itself	Throughout the computing lessons, we explore the ways in which technology can support us to ensure that we have a happy and supported life. We explore technology in a responsible way where we are able to discuss any mistakes we have made using it and explore ways in which we can put this right.
