

School to Kolkata May Challenge

The challenge is for us, as a whole school, to cover the distance between school and Kolkata, which is 5,794 miles either walking, running, cycling, scooting or even roller skating!

It sounds like a long way but if the whole school get involved it is achievable. You could choose to do a mile a day for the month or maybe a few miles each weekend or one longer walk at some point during the month. It could be done in your house, garden or local area.

If you would like to get sponsorship for your part of the journey that would be great or make it a personal or family challenge for the month. All money raised can be paid straight to CRS via the Just Giving Page that has been set up <https://www.justgiving.com/fundraising/zoehigginscrs> and will be donated to Cathedral Relief Service's Covid-19 lockdown appeal helping get vital supplies to the poorest family in Kolkata, including families from our link school, Mahamaya. Alternatively, you could donate directly to CRS, please do let us know if you do so we know how much money we have raised. Click here for more details <http://www.cathedralreliefservice.net/donate/appeals/>

Please keep me informed of the miles you do during the month via Twitter or by emailing homelearning@scargill.derbyshire.sch.uk. I will keep a running total and share updates of how far we have travelled as a school community.

Happy travelling, see you in Kolkata!

Mrs Higgins
