# How do beliefs influence people's responses to the climate crisis?

<b>ecosystem</b>	All the living things in an area and the way they affect each other and the environment.
<b>faith</b>	A strong belief in something, such as God.
<b>scripture</b>	Important, special or holy texts from a religion
<b>pray</b>	Communicate with a god.
<b>protest</b>	Standing up for something you disagree with.
<b>proactive</b>	Taking action to change something.

Scripture can inspire people to look after the world.

### **Hindu** – Bhagavad Gita

'The wise work for the welfare of the world, without thought for themselves'

### **Muslim** - Qur'an

'O Prophet of Allah, show me an action by which I will enter heaven?' The Holy Prophet said, 'Remove harm out of the people's path.'

### **Jewish & Christian** – Bible/Torah

Be fertile and increase, fill the earth and master it; and rule the fish of the sea, the birds of the sky, and all the living things that creep on earth."

Humanists believe it is important to look after the Earth for the good of all people.

Some people believe that God will protect the world, others think that humans need to do something about Climate change.

Many people from religious and non-religious worldviews take action to help climate change.
