15.12.23	Online	21.12.23
22.12.23	Online	4.1.24

Paper-based Homework

Please remember to stick paper-based homework into your child's homework book once completed.

Online homework

Go to www.purplemash.com your child will need to enter their login details then the homepage will appear.

Click on the bell- this is where homework will appear.

Please note that homework is set for out of school hours therefore it can only be accessed out of school hours. We use Purple Mash as part of our Computing curriculum too, therefore you may see other tasks appear in this section, but these will be clearly marked as 'school' and therefore should only be completed during computing lessons in school.

Top Tips

- Ensure there are very few distractions- complete homework in a quiet space, away from the television.
- Short bursts are better than spending long periods of time on activities.
- Talk to your child about what the activity is, talk it through before they have a go.
