Units 1 - 6

# Unit 1

## Numbers to 10

In this unit we will ...

- ⚡ Sort and count objects to 10
- ⚡ Count and write to 10
- ⚡ Count backwards from 10 to 0
- ⚡ Count one more and one less
- ⚡ Compare and order numbers
- ⚡ Learn to use a number line

You can count to find how many there are. How many ⚡ are there?

We will need some maths words. Do you know some of these?

sort   groups   digits   count back  
fewer   one more, one more than  
one less, one less than   matched  
less than (<)   greater than (>)  
equal to (=)   most   least  
fewest   greatest   number line  
number track   pattern

Do you remember how to say these numbers? Count to 10!

1 2 3 4 5 6 7 8 9 10

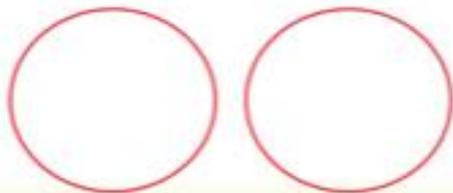

# Unit 2

## Part-whole within 10

- In this unit we will ...
- ⚡ Use the part-whole model
  - ⚡ Write number sentences
  - ⚡ Find different ways to make a number
  - ⚡ Make number bonds
  - ⚡ Compare number bonds

How could you put these flowers into 2 groups?  
Use ○ to help you!

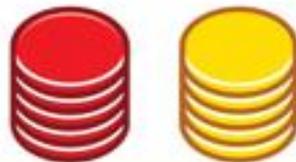

Here are some maths words.  
Have you used any of these before?

groups      part-whole model  
number sentence  
part      whole      plus

How many different ways can  
you make 5? Use ○ to help.

--	--	--	--	--

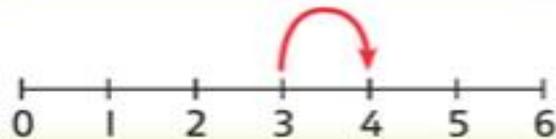

# Unit 3

## Addition and subtraction within 10 ①

- In this unit we will ...
- ⚡ Add parts to find the whole
  - ⚡ Find a missing part
  - ⚡ Practise using number bonds
  - ⚡ Find fact families
  - ⚡ Solve word problems

Do you remember what this is called? Use it to find one more than 3.

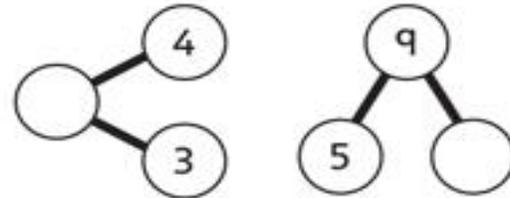

We will need some maths words. Which ones mean the same thing?

altogether (say 'all-too-geth-er')

in total    add, added    count on

missing part    number stories

We need these too!  
Use them to make  
number sentences.

# Unit 4

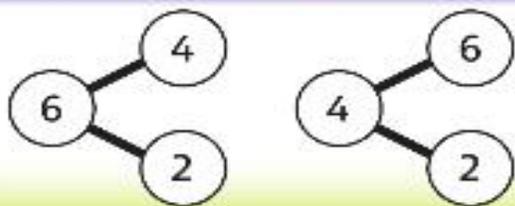

## Addition and subtraction within 10 ②

In this unit we will ...

- ⚡ Take away to find how many are left
- ⚡ Subtract by breaking the whole into parts
- ⚡ Discover related number facts
- ⚡ Compare additions and subtractions
- ⚡ Find the difference
- ⚡ Solve word problems

We have used this before. Which shows the problem correctly?

These maths words and phrases will help us. Do you know any of these?

how many are left?      take away  
subtract      count backwards  
how many more      how many fewer  
difference      addition

How can you use  to find which is greater?

# Unit 5

## 2D and 3D shapes

In this unit we will ...

- ⚡ Name 3D shapes
- ⚡ Name 2D shapes
- ⚡ Make patterns with shapes

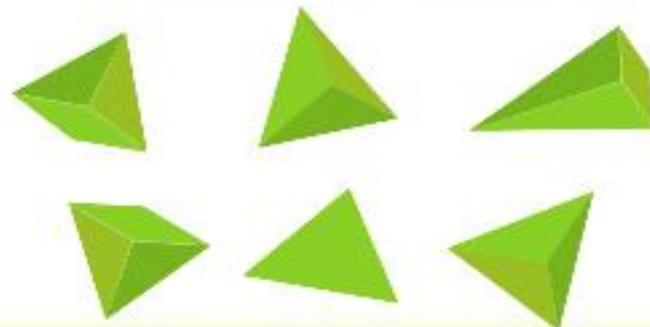

Here are some shapes.  
Can you name them?

We will need some shape words. Do you know some more shape words?

3D shape	cube	cuboid
sphere	pyramid	cylinder
cone	2D shape	circle
triangle	rectangle	faces
pattern	square	repeat

Which shape is the odd one out? Why?

# Unit 6

## Numbers to 20

- In this unit we will ...
- ⚡ Count using tens and ones
  - ⚡ Count one more and one less
  - ⚡ Compare numbers of objects
  - ⚡ Compare and order numbers

We will use tens to help count.  
How many are there?

We will need some maths words.  
Which words do you already know?

order

smallest

tens

ones

We need this too! Which  
numbers are missing?

# Year 1

Power Maths Book B  
Knowledge organisers  
Units 7 - 11

# Unit 7

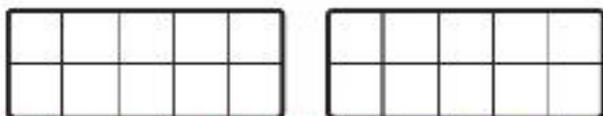

## Addition within 20

In this unit we will ...

- ⚡ Add by counting on
- ⚡ Practise adding ones to help with adding numbers to 20
- ⚡ Use number bonds to 10 to help us with numbers bonds to 20
- ⚡ Solve word problems

We will need a ten frame again. How would you use a ten frame to add 8 red counters and 5 yellow counters?

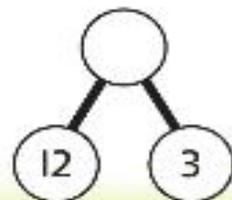

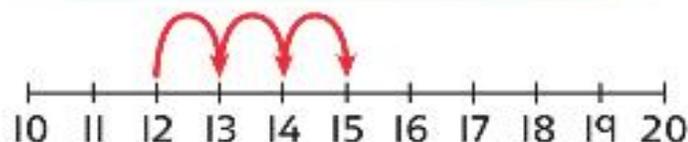

We will need some maths words. Which words do you already know?

add      altogether  
 ones      tens  
 number bonds      part-whole

We can still use this

0 1 2 3 4 5 6 7 8 9 10 and this  to help us. What is  $12 + 3$ ?

# Unit 8

## Subtraction within 20

- In this unit we will ...
- ⚡ Subtract tens and ones
  - ⚡ Learn how to cross a 10 when subtracting
  - ⚡ Compare additions and subtractions
  - ⚡ Solve word and picture problems

We will need a ten frame again. Can you remember how to use it to help you find the answer to  $15 - 3$ ?

$15 - 3 = \square$

We will need some maths words. Have you seen all of these before?

- subtract      take away
- find the difference
- how many are left?
- tens      ones      number bonds
- part-whole

We can also use this  and this  to help us. What is  $13 - 3$ ?

# Unit 9

## Numbers to 50

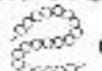

- In this unit we will ...
- ⚡ Count up to 50
  - ⚡ Compare numbers to 50
  - ⚡ Order numbers
  - ⚡ Count in 2s and 5s
  - ⚡ Solve word and picture problems

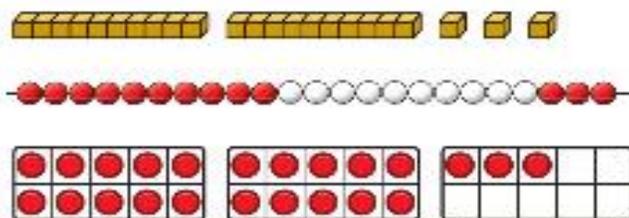

We can use a number line to help us order and compare numbers. Which number is larger, 12 or 21?

We will need some maths words and signs. Do you remember these?

tens          ones  
 compare      order  
 less than (<)      greater than (>)

We can use different things to show the value of a number. We can use ,  or . What number is shown here?

# Unit 10

## Introducing length and height

In this unit we will ...

- ⚡ Compare lengths and heights of objects
- ⚡ Use non-standard units to measure objects
- ⚡ Measure with a ruler
- ⚡ Solve word problems about length

We can use cubes to help us compare the length of objects. Which is longer, the pen or the pencil?

We will need some maths words. Can you read them out loud?

long, longer, longest

short, shorter, shortest

tall, taller, tallest

length      height

compare    measure

We use a ruler to measure lengths. How long is this pencil?

# Unit II

## Introducing weight and volume

- In this unit we will ...
- ✦ Compare the weight of objects
  - ✦ Weigh objects
  - ✦ Compare the capacity of objects
  - ✦ Measure capacity
  - ✦ Solve word problems about weight and capacity

Have you seen one of these before? It is a balance scale. We can use it to compare the weight of objects. Which item do you think is heavier?

We will need some maths words. Can you read them out loud?

heavier, heaviest      lighter, lightest  
capacity      balance scales  
full      empty      compare  
weight, weigh      balanced  
measure      estimate

We can use glasses to measure capacity. Which jug had the most squash in it?

# Year 1

Power Maths Book C  
Knowledge organisers  
Units 12 - 18

# Unit 12

## Multiplication

- In this unit we will ...
- ⚡ Count in 10s, 5s and 2s
  - ⚡ Make and add equal groups
  - ⚡ Make arrays
  - ⚡ Make doubles
  - ⚡ Solve word problems

An array will be useful.  
How many flowers are there?  
Is there a quicker way to count them?

We will need some maths words. Have you heard any of these before?

equal groups    array    row  
column    double    twice

We will use ten frames to help us find doubles.  
What is double 3?

# Unit 13

## Division

In this unit we will ...

- ⚡ Make equal groups
- ⚡ Share amounts equally
- ⚡ Solve word problems

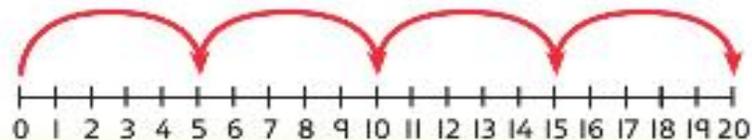

Counters can help us show groups. Can you use counters to find how many groups of 2 flowers there are?

We will need some maths words. Which of these are new?

equal groups      share

We can also use a number line to help us. Can you put these into groups of 5? How many groups are there?

# Unit 14

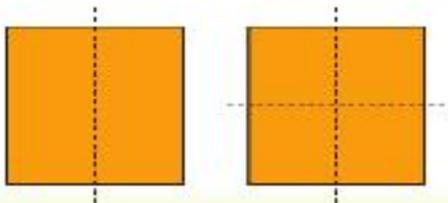

## Halves and quarters

In this unit we will ...

- ⚡ Find half of a shape or object
- ⚡ Share equally
- ⚡ Find a quarter of a shape or object
- ⚡ Solve word problems about halves and quarters

We can find half of a shape. Which shape has been cut in half?

We will be using these maths words. Can you read them out loud?

half

halves

quarter

We will also do some sharing. Share the jam tarts equally. How many does each child get?

# Unit 15

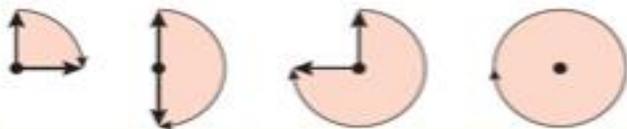

## Position and direction

In this unit we will ...

- ⚡ Describe turns
- ⚡ Use the words left and right
- ⚡ Say if something is at the top, middle or bottom

We will use these arrows to show turns. Which one do you think shows a whole turn?

These maths words help us talk about where something is. Do you know any of these?

turn    half turn    quarter turn  
three-quarter turn    whole turn    position  
left    right    forwards    backwards  
above    below    top    middle    bottom  
up    down    in between

Look at where these animals are. Which animal is on the bottom shelf?

# Unit 16

## Numbers to 100

In this unit we will ...

- ⚡ Count in tens
- ⚡ Learn how to use a 100 square
- ⚡ Use tens and ones to make larger numbers
- ⚡ Say which number is larger and smaller
- ⚡ Find numbers which add to 100

We will use this 100 square.  
Can you find number 30?

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

We will need some maths words.  
Can you read these out loud?

100 square      number square  
place value grid

We will need this too.  
What number is shown here?

Tens	Ones

# Unit 17

## Time

In this unit we will ...

- ⚡ Say if things happen before or after
- ⚡ Use a calendar
- ⚡ Tell time to the hour and the half hour
- ⚡ Compare time
- ⚡ Solve time word problems

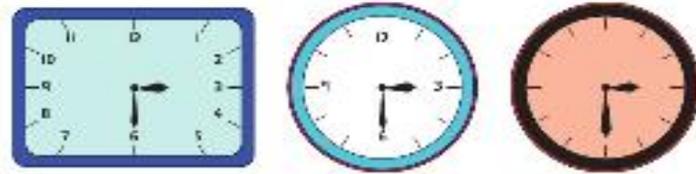

This is a calendar. Can you use it to find how many days are in a week?

We will need some maths words. You may know some of these.

before after yesterday  
today tomorrow day week  
slower faster month year  
calendar date minute hand  
hour hand o'clock half past  
second minute hour

There are lots of different types of clock. Do all of these show the same time?

# Unit 18

## Money

Teacher Guide

In this unit we will ...

- ⚡ Learn about coins
- ⚡ Learn about notes
- ⚡ Count in 1s, 2s, 5s and 10s using coins

Here are some coins.  
Do you know which  
is the 5 pence coin?

Have you heard these  
money words before?  
Which letter means pence?

pound	pence	
coins	notes	p

Do you remember these  
signs? > < Complete this  
sentence using > or < .
